

# Insurance Tenacity

## with Cyber Ingenuity

A cyber event can quickly cripple a company's operations. QCyberProtect, QBE's comprehensive cyber policy, provides bespoke coverage that guards against loss arising from current and emerging cyber risks.

### Our modular Cyber policy can include coverage for:

- Network Security and Privacy Liability Coverage (inc PCI-DSS)
- Privacy Regulatory Proceeding
- Online Media Liability
- Event Expense & Bricking
- Network Extortion
- Business Interruption & Dependent Business Interruption, plus claims preparation costs
- Consequential Reputational Loss
- Reward Fund
- Cryptojacking
- Social Engineering

### Risk appetite

**Broad capacity for cyber risk:** from companies with fully outsourced IT networks to those with complex, large-scale IT systems.

**Limited or restricted appetite for:** public entities/ municipalities, education, healthcare, energy, utilities, and cryptocurrency.
